

ACADEMIC AND CAREER PREPARATION

Emad Alrefai

English Language Studies (ELS)

Confidence and bravery are the two main qualities I have gained from studying English at Kwantlen Polytechnic University. The ESL program contributed in taking my English to the next level and gave me an ease in understanding the academic material in the accounting program. I thought the language would be an obstacle toward the success, but the ELS program has made it the least thing for me to worry about.

“Confidence and bravery are the two main qualities I have gained from studying English at KPU.”
